

PROCREA Fertilité

PRICES LIST

<u>FERTILITY TREATMENT - IN VITRO FERTILIZATION</u>	<u>PRICE</u>
<i>*embryo freezing costs not included</i>	<i>**Administrative and storage fees not included</i>
*Conventional IVF with fresh embryo transfer	9 645,00 \$
*IVF with ICSI and fresh embryo transfer	11 515,00 \$
Embryo freezing -including the 1st year of storage	1 415,00 \$
Micro-injection (ICSI)	1 870,00 \$
Complement to microinjection - ZYMOT	340,00 \$
Frozen embryo transfer cycle	3 160,00 \$
Frozen embryo transfer cycle on natural cycle - without ultrasound	2 820,00 \$
**Anonymous embryo donation	4 605,00 \$
**Directed embryo donation	3 770,00 \$
Percutaneous epididymal sperm aspiration - PESA	3 405,00 \$
Sperm microscopy extraction - Micro TESE	4 620,00 \$
<i>PESA / Micro-TESE covered RAMQ, sperm freezing costs not covered</i>	435,00 \$
 <u>FERTILITY TREATMENT - ARTIFICIAL INSEMINATION</u>	
Ultrasound monitoring ovarian stimulation with gonadotropins	580,00 \$
Ultrasound follow-up ovarian stimulation by oral agent	345,00 \$
Ultrasound without ovarian stimulation - each	265,00\$ / echo
Intrauterine insemination	610,00 \$
Administrative fees for receiving, exporting or allocating frozen semen	100,00\$ + tx
<i>Donor sperm straw - Not available at Procrea Fertility</i>	
 <u>CRYOPRÉSERVATION</u>	
<i>*embryo freezing costs not included</i>	<i>**embryo freezing and administrative costs not included</i>
Cryopreservation of eggs personal reason	8 615,00 \$
Cryopreservation of eggs for medical reason	RAMQ
*Egg thawing cycle - following a CRYO - transfer included	6 625,00 \$
**Thawing cycle of eggs from outside - transfer included	7 785,00 \$
Medical Record Fee - Guaranteed Baby Program	315,00 \$
Sperm freezing personal reason	435,00 \$
Sperm freezing medical reason	RAMQ
Renewal storage fees Embryos / Eggs / Sperm	420,00 \$
Fixed rate renewable annually - no reimbursement possible	
Administrative fees - receipt/export of embryos or ova	145,00\$ + tx
 <u>LABORATORY SERVICES</u>	
Quantitative pregnancy test	100,00 \$
Hormonal dosage (Estradiol-Progesterone)	100,00 \$
Spermogram	245,00 \$
Semen DNA fragmentation test (semen analysis and preparation)	380,00 \$
Semen thawing test	145,00 \$
Cost of transporting biological sample(s) - other than blood - to the hospital	5,00\$ + tx
Cost of transporting biological sample(s) - with blood - to the hospital	15,00\$ + tx
Handling fees and other	290,00 \$
Liquid nitrogen handling fees	60,00 \$
 <u>ULTRASOUND SERVICES</u>	
Viability ultrasound	265,00 \$
Diagnostic ultrasound - ovarian reserve - control of cyst(s)	265,00 \$
Hysterosonography - tubal permeability	485,00 \$
 <u>ENDOMETRIAL EVALUATION</u>	
Simulated cycle - MOCK	695,00 \$
3D ultrasound - uterine cavity	265,00 \$
Embryo transfer test	190,00 \$
ERA - Endometrial Susceptibility Analysis	2 314,23 \$
ALICE - Chronic infectious endometritis screening	669,23 \$
EMMA - Metagenomic Analysis of the Endometrial Microbiome	1 094,23 \$
ENDOM3 - ERA-ALICE-EMMA Combined Analysis	3 189,23 \$
 <u>CONSULTATIONS</u>	
Medical consultation - Excluding RAMQ	On request
Consultation Social worker - psychologist - External ref. According to professional	According to the professional
Genetic counseling - External Ref. - GENOLIFE	According to the professional
 <u>ADMINISTRATIVE COSTS</u>	
File copy fees	On request
Fees for insurance form	On request
Administrative fees for completing medical documents	On request
Secretary fee for letter	45,00\$ + tx

PREIMPLANTATION GENETIC DIAGNOSIS (PD)

Evaluation for embryo biopsy	990,00 \$
<i>PGT-A Determine whether the embryo has chromosomal abnormalities or not</i>	
Biopsy, transport and genetic analysis PGT-A 1st blastocyst	2 290,00 \$
Biopsy, transport and genetic analysis PGT-A for blastocysts 2 to 6	325,00\$ each
Biopsy, transport and genetic analysis PGT-A for blastocysts 7 and more	300,00\$ each
<i>PGT-SR Determine if the embryo carries the chromosome structure abnormality one of the 2 parents</i>	
Biopsy, transport and genetic analysis PGT-SR 1st blastocyst	2 475,00 \$
Biopsy, transport and genetic analysis PGT-SR blastocysts 2 to 6	515,00\$ each
Biopsy, transport and genetic analysis PGT-SR blastocysts 7 and more	475,00\$ each
<i>PGT-M - Determining whether the embryo is a carrier of the disease present in genetics parent(s)</i>	
Probe development for the PGT-M	1 790,00 \$
Biopsy, transport and genetic analysis PGT-M 1st blastocyst	7 265,00 \$
Biopsy, transport and genetic analysis PGT-M 2 blastocysts and more	46,00\$ each
<i>PGT-M - and PGT-A combined</i>	
Probe development for the PGT-M	1 790,00 \$
Biopsy, transport and genetic analysis PGT-A 1st blastocyst	2 290,00 \$
PGT-A biopsy, transport and genetic analysis for blastocysts 2 to 6	325,00\$ each
PGT-A biopsy, transport and genetic analysis for blastocysts 7 and above	300,00\$ each
PGT-M genetic analysis following PGT-A	5 255,00 \$
<i>Rebiopsy and genetic analysis</i>	
Rebiopsy, and genetic analysis of a blastocyst	570,00 \$
Rebiopsy, and genetic analysis on each additional blastocyst	165,00 \$
<i>Products of conception</i>	
Chromosomal analysis of the product of conception	945,00 \$

OTHER FEES OR SERVICES

Anesthesia fees	115,00 \$
Nursing costs for IVF	285,00 \$
